SPECIAL NOTICES.

Caution-Andacions Counterfeit. The reputation which, for many years, he attached to "Hostetter's Stomach Bitters." the STANDAR) TONIC OF THE AGE, and the large demand for the article, not only in the United State but claumhers, have provoked the cupidity of the COUNTERFEITING TRIBE. and it has been extensively SIMULATED and

IMITATED by unscrupulous sharpers. The most during counterfest of said action, which has been stiempted, has recently come larity and credit which these Loans have mainto our knowledge. The engraved steel label on bottles containing the genuine bitters, with its beautiful vignette of St. George and the dragon, its shield, containing a warning against counterfeiters, and its note of hand for "one cent' at the foot, signed with our firm name, has been capiel so closely, that the fraud can only be detected on a minute inspection. The dark label is also well counterfeited, and the wording on both the imitation and genuine, are precisely the same, the difference being simply in the execution of the work; that of the imitation being somewhat coarser than the genuine -Other counterfeits are on the market, which are in all particulars the same as described above, with the exception of a slight difference in the spelling of our name.

In addition to the above, these counterfeiters have gone so far in some instances as to place a strip of paper over the cork and fasten to th neck of the bottle, on which is a vignette, and otherwise printed to resemble the general appearance of our proprietary U. S. Revenue stamp, but upon inspection will discloze the ab-sence of the figure '4," and the words "four cents," also "United States Internal Revenue," all of which, together with additional wording, appear on our genuine stamp. The public are, therefore, especially warned against these new countengrits, and are advised to purchase Hostetter's Stomach Bitters only of houses whose integrity is above suspicion. The true specific is sold in bottles exclusively-never will - HOSTETTER & SMITH.

BANKERS AND DEALERS IN GOVERN-MENT SECURITIES,

No. 5 NASSAU STREET, NEW YORK, February 15th, 1870.

The remarkable success which attended our negetiation of the Loans of the CENTRAL PA-CIFIC RAILROAD COMPANY and the WESTERN PACIFIC RAILROAD COMPANY, and the poputained in the markets, both in this country and Europe, have shown that the First Mortgage Bonds of wisely-located and honorably-managed Railroads are promptly recognized and roadily taken as the most suitable, safe and advantageous form of investment, yielding a more liberal income than can hereafter be derived from Government Bonds, and available to take their place.

Assured that, in the selection and negotiation of superior Railroad Loan', we are meeting a great public want, and rendering a valuable service-both to the holders of Capital and to those great National works of internal improvement whose intrinsic merit and substantial character entitle them to the use of Capital and the confidence of investors-we now offer, with special confidence and satisfaction, the

> PERST MORTGAGE BONDS OF THE

Thesapeake and Ohio Railroad Co.

The Chesancake and Ohio Railroad, connecting the Atlantic coast and the magnificent harbors of the Chesapeake Bay with the Ohio River at a point of reliable navigation, and thus, with the entire Railroad system and water transportation of the great West and Southwest, forms the additional East and West Trunk Line, so imperatively demanded for the accommodation of the immense and rapidly growing transportation between the Atlantic seaboard and Europe on the one hand, and the great producing regions of the Ohio and Mis-

sissippi Valleys on the other. The importance of this Road as a new outlet from the West to the sea magnifies it into one of national consequence. and insures to it an extensive through traffic from the day of its completion; while, in the developement of the extensive agricultural and mineral resources of Virginia and West Virglnia, it possesses, along its own line, the elements of a large and profitable local business. Thus the great interests, both general and local, which demand the completion of the CHES-APEARE AND OHIO RAILROAD to the Ohio River, afford the surest guarantee of its success and value, and render it the most important

and substantial Railroad enterprise now in progress in this country. Its superiority as an East and West route, and the premise of an immense and profitable trade awaiting its completion, have drawn to it the attention and co-operation of prominent Capitalists and Radioad men of this City, of sound judgment and known integrity, whose connection with it, together with that of jeminent-citizens and business men of Virginia and West Virginia, insures au energetic, honorable and successful manage-

The Road is completed and in operation from Richmond to the celebrated White Sulphur Springs of West Virginia, 227 miles, and there remain but 200 miles (now partially constructed) to be completed, to carry it to the proposed mouth of the Big Sandy River, 150 miles above Cincinnati, and 250 miles below Pittsburg.

Lines are now projected or in progress through Ohio and Kentucky to this point, which will connect the Chesapeake and Ohio with the entire dailroad systems of the West and Southwest, and with the Pacific Railroad. Its valuable franchises and superior advantages will place the Chesapeake and Ohio RAILEGAD COMPANY among the richest and most powerful and trustworthy corporations of the country; and there exists a present value, in completed road and work done, equal to the

entire amount of the mortgage. The details of the L an have been arranged with special reference to the wants of all classes of investors; and combine the various features of convenience, safety and protection against

loss or fraud.

The Bonds are in denominations of \$1,000, \$500 and \$100.

They will be issued as Coupon Bonds, payable to Bearer, and may be held in that form; or The Bond may be registered in the name of the owner, with the coupons remaining payable to bearer attached, the principal being then transferable only on the books of the Company,

unless reassigned to bearer; or The coupons may be detached and cancelled, the Bond made a permanent Registered Bond, transierable only on the books of the Company, and the interest made payable only to the registered owner or his attorney.

The three classes will be known respectively

city of New York. The interest is payable in MAY and NOVEM-BER, that it may take the place of that of the earlier issues of Five-Twenties, and suit the convenience of our friends who already hold Central and Western Pacific Bonds, with interest payable in January and July, and who may desire, in making additional investments, to have their interest receivable at different seasens of the year.

The Loen is secured by a mortgage upon the entire Line of Road from Richmond to the Ohio River, with the equipment and all other property and appurtenances connected therewith.

A Sinking Fund of \$100,000 per annum is provided for the redempting of the Bonds, to take effect one year after the completion of the

The mortgage is for \$15,000,000, of which \$2,000,000 will be reserved and held in trust for the redemption of outstanding Bonds of the Virginia Central Railroad Company, now

merged in the CHE-APEARE AND OHIO. Of the remaining \$13,000,000, a sufficient amount will be sold to complete the road to the Ohio river, perfect and improve the portion now in operation, and thorougaly equip the whole for a large and active tradic.

The present price is 90 and accrued interest.
A Loan so amply accured, so carefully guarded, and so certain hereafter to command a prominent place among the favorite securities in the markets, both of this Country and Europe, will be at once appreciated and quickly absorbe! Very respectfully,
